1 [---> I write this to help protect my children and grandchildren. I moved from York, PA recently to be with my Son and family in my last years. York is near TMI As most people know, which mostly all surrounding families were effected in one way or another by the reactor melt down. Also local families were affected by a dump which was allowed into the area that excepts wastes of all kinds from New York, New Jerrey and Maryland. I feel this repository may mean an end to life as most people would like to live in this area and may ruin our future lifes.]
